ICONIC.
INTELLIGENT.
INSPIRING.

A Capital Masterpiece

Welcome To The City's New Trade And Exhibition Capital

An iconic development is taking shape not far from KL City Centre and you can now be a part of it! Introducing KL Metropolis, primed as one of the nation's most integrated communities with 75.5 acres to be transformed into the new international trade, commerce and living centre in Kuala Lumpur.

Experience smooth travel to your chosen destinations via the comprehensive transport infrastructure that includes road and rail. Enjoy a vibrant lifestyle in this integrated development with a shopping mall, premier offices, and serviced residences.

Home To
MET 1
Residences**

Your Sanctuary, Above And Beyond

MET 1 Residences was conceived to assure the resident that there is indeed, no place like home. Sustainable architecture and environmentally friendly engineering ensures that one has the approval of Mother Nature, while a bevy of thoughtful features and choice facilities and a state-of-the-art security programme heighten the living experience to a luxurious level.

Infinity Pool

Because You Deserve It

It has been repeated tirelessly – home is one's sanctuary.

This has served as our inspiration in our approach to the creation of MET 1 Residences. The pampering includes the little touches of luxury that please the eye, the facilities that ease the mind, and perhaps a few that the resident may not have even expected?
